Hello All! Happy Father's Day to all of you Dads out there! We wish a very special Father's Day to Brian Wilson, father of Andrew Timothy Wilson. Congrats to you, Brian and to your lovely wife, Bethany! For those of you who do not know, this is our first Grand-*Nephew!*

The past month seems like multiple months all in one. Team Zambia from ORU arrived and we began the bio-sand project (highlighted in the [attached newsletter](#)), worked with children in schools, did VBS in Katubiya and worked with youth groups from churches whose pastors have been in the Bible school or still studying under his discipleship. What a glorious time!

**We praise God for:**

- . 24 children professing Christ as Savior and then being BAPTIZED!
- . 1 Adult (Aunt Alice- Little Janet's Aunt and one of the Sunday school teachers) professed Christ and was baptized
- . Many healed during training and crusade in Songwe Village
- . 10 filters made with 50 more to be completed
- . 25+ kids professed Christ as Savior after devotions at government schools
- . Sanitation and Hygiene taught at Sekute and Moonga Schools (gr. 1-10 and 1-7 respectively)
- . Prayer and walk around land we have applied for via Chief Mukuni (please continue to lift this up as we wait for his final signature prior to taking the paperwork to the town council and then on to Lusaka to the Min. of Land for approval so that we can make application for a deed)

We are in winter now and it is COLD! We have no central heat or air so keeping the windows closed and the curtains drawn helps. One of the nicest blessings I have had this month is finding out that our previous neighbors and friends will be moving back to town...and guess where?? Just across the street! The Pienaar's (Arthur, Liezl, Hugian, Louis and Danielle) are like family to us. So, having my "grandkids" and best friend around again is HUGE to me!

As we continue with our "normal" ministry of teaching and discipling, we continue to praise God for you and for your prayers. I, especially, thank you for prayers for my parents and their health. Mom recently underwent a successful gallbladder removal and Butch's Mom recently had a good report from her doctor.

**Please continue to lift up Butch's classes:**

- . For those completing their studies and the pending graduation ceremony
- . For groups that will be coming later in the year
- . For those continuing classes
- . For understanding and wisdom in using the information being taught

Serving with joy,

**Butch & Janet Berner**
