

Dear Fredericksburg Wesleyan Church,

Hello! I am writing from Colorado to express our gratitude for your church and your faithful giving to our ministry!! We are so blessed by your giving and your prayers, especially when we know that so many are giving sacrificially to the Lord's work! What an honor it is to partner with you in Croatia!

Just to give you an update - We still are waiting to hear from the government for Chris' approval for the visa. Right now it's just silence. We are exercising patience. Please pray that his application will always appear up on top of the stack and be processed miraculously quick. Please pray for our children as they try to adjust to living in Colorado away from their Dad. Pray for Chris to not be too lonely and to be able to continue to focus on the work there.

The church in Croatia is preparing for an upcoming baptismal service. They have been making many plans to find just the right spot for the celebration and how to get all the congregation there for it. I can't wait to see pictures! It's always such a joyous occasion.

We appreciate your church so much. Thank you for praying! It's the only way we will be able to move forward with the gospel there.

Serving Him together,

Wendy England (for the rest of us)
